

SMALL INDUSTRIES

More of Them Are Coming in as the Months go by.

BOTTLING ESTABLISHMENT

Mr. J. C. Bryan, of Lexington, Ky., likes this City. That Mattress Factory. Cuban Land & Steamship Co., to Establish Branch Office Here.

It has always been well understood here that this city was badly in need of new industries, especially small ones. Large ones are welcomed with open arms, but it has been recognized that small ones are of equal importance. It is only since a comparatively recent date that the smaller industries have begun to seek this city as a location. Now rarely a day passes but that some concern either writes or sends a representative here to look into the advisability of establishing their plant at this point.

Substantial results are becoming apparent. Plans are being consummated for the cellulose plant, and the president of that company will be in the city in a few days to take the final steps necessary to close the matter up. The plant will probably be in operation within the year.

Not much is being said about the abattoir, but its plans are progressing and in a satisfactory way. The sale of stock has been gratifying and Mr. T. B. Henley has met with much success in placing the block of it consigned to him among the local financiers.

NEW BOTTLING ESTABLISHMENT

Among those who have been looking over the field is Mr. J. C. Bryan, of Lexington, Ky., where he is well known as a well-to-do and prominent business man. Mr. Bryan was here some time ago and was so well pleased that he came again. He has now announced his intention of erecting here a large and thoroughly equipped bottling establishment. He has not yet decided upon the location, but it is his intention, if possible, to build on Washington avenue. He will bring his material in bulk from Kentucky and put it up here both for local consumption and for the general outside trade.

THE MATTRESS FACTORY

The report printed in an afternoon paper yesterday to the effect that the Peninsula Flour and Feed Company proposed establishing a mattress factory here was erroneous so far as concerned the company, which has no idea of embarking in that business. Certain parties, however, are contemplating erecting a small factory here for making mattresses, and there is reason to believe that their plans will be successfully consummated.

CUBAN LAND STEAMSHIP CO.
Among the visitors to the city is Mr. Edward Steele Jones, of New York, now stopping for a day or two at the Warwick. Mr. Jones, who is something of a newspaper man himself, and who has also been connected for a long time with some of the most prominent Wall street firms, is now general Southern representative for the Cuban Land & Steamship Company, which has its offices at No. 32 Broadway, New York. His purpose here is, as it has been in other cities he has visited, to establish here an agency for his company. He will visit all of the principal southern cities, opening offices as he goes. That is his business.

The company owns 75,000 acres of land near Neuvitas, in Puerto Principe Province, Cuba. This land has a three mile frontage on the ocean. It is being colonized and developed, the stock investment feature, of course, being paramount with the colonization plan. The company is capitalized at \$1,000,000, and will spend \$50,000 on the property by November 1. A large hotel will be built, piers and mills erected, and a steamship line established. The first excursion to the place will go out of New York on October 25, 600 people having already engaged passage for the trip. Of this number 500 are colonists.

Mr. Jones is very enthusiastic over the plans of the company, and says it is doing a tremendous business as its features become known. He will establish an office here today and will go up to Richmond Sunday.

Movement of Vessels.

The following cargo ships are now en route to this port:
Rappahannock, Furness, Withy & Co. (Ltd.), Liverpool, June 24.
Strathgarry, Shields, June 24.
Chickahominy, Furness, Withy & Co. (Ltd.), London, June 25.
Appomattox, Furness, Withy & Co. (Ltd.), London, June 29.

THE MUNICIPAL MUDDLE.

ATTORNEY NEWTON THROWS NO LIGHT ON SITUATION.

Will Doubtless Declare the Last Meeting of the Council Legal, the Council's Incompetence Fight.

So far as the naked eye can observe, the atmosphere has not cleared, municipally speaking.

The arrival of Commonwealth's Attorney J. K. M. Newton yesterday afternoon after an absence of several days was expected to elucidate matters to some extent in connection with the question of the legality of the last council meeting. Mr. Newton was not, however, prepared to discuss the matter, and refused to be interviewed, saying that he was unwilling to pass upon a matter of such grave importance without giving it the attention and consideration due it. He will probably advise with President Powell, of the council, some time prior to the date set for the next meeting.

While Mr. Newton was unwilling to indicate how he stood on the question, there is reason to believe that he will give his opinion to the effect that the meeting was legal. This statement is made for the reason that in adjourning as it did the old council acted upon the advice of the Commonwealth's attorney.

The police commissioner's fight is of considerably more interest than the question of the legality of the last council meeting, for the latter can be very easily settled. The other matter does not appear to be susceptible of such a facile solution, however.

The question of what is going to be done about it is the vital one. Upon this subject the Commonwealth's attorney also refused to talk. He has now become, it would seem, the pivotal individual upon which the situation swings. This may not be the case, but it looks that way.

Something has got to be done. Who is going to do it, if not the Commonwealth's attorney? There is a legal question involved and it devolves upon him to see to its untangling.

What Mr. Newton did do last night was to express the hope that the matter would be settled soon. It doesn't look that way at all. Mr. Robinson firmly adheres to his opinion that he is now a legal member of the board and has a perfect right to sit in its councils. He has declared that he would not budge from this position until driven from it by legal process. Who is going to take the initiative and what will it be? Will it be in the shape of an injunction? If so, who will apply for it? Can the council properly do so? Can the Commonwealth's attorney do so by himself? Heretofore the mayor has been the man who has applied for injunctions on behalf of the city; but this time the mayor will not apply. He doesn't believe the city is entitled to any injunction or that there is any question as to the legality of Mr. Robinson's appointment.

The board is called by Mr. Wilson to meet Wednesday night. Mr. Robinson will attend. Whether anybody else will be there is a question. The council will have its say about the matter at the next meeting when the mayor's re-appointment of Mr. Robinson will be presented. It is likely that some of the remarks that will be made upon the situation will be very interesting.

Church Services.

At the Washington Avenue Methodist church, Rev. H. W. Dunkley will preach at 11 A. M., and Rev. B. F. Lipscomb at 8 P. M.

Rev. H. W. Dunkley will preach at Forty-fifth Street Methodist church at 8 P. M.

Rev. B. F. Lipscomb will speak at the Young Men's Christian Association at 4 o'clock P. M., giving the second of the series of talks to young men. Subject, "The Young Man at Home."

The Christadelphian Church meet at Phillips' old hall over Klor's drugstore, Twenty-sixth street and Washington avenue, every Sunday at 11 A. M.

At the Second Baptist church tomorrow the pastor, Rev. T. J. Mackay, D. D., will preach in the morning on "Excuse Not Reasons," and in the evening on "Fell From His Horse, Called of God and Saved."

Agent Appointed for This City.

Mr. Irwin Tucker has been appointed agent here for the Norfolk and Washington Steamboat Company and in future will handle both regular and excursion tickets over this line. State-rooms can also be reserved here. This will be a great convenience for the passengers of the Washington line living in this city, as it will do away with the bother of having to order state-rooms by telephone and waiting until the arrival of the steamer at Old Point before buying tickets.

On Lafayette Avenue.

Powell Bros. & King yesterday sold to Mr. T. P. Carver, of Charlottesville, a lot on Lafayette avenue between Thirty-third and Thirty-fourth street for \$2,400.

Photographic Notice.

To the holder of any Photographic circular or ticket advertising cut rates we will make during this month only a Special Style Cabinet Photo at \$1.50 per dozen, to introduce our work.

Now is your chance. Bring this card with your circular or old ticket.

THE NEW COMMITTEE

First Meeting Held and Organization Effected.

MR. T. L. WATSON RE-ELECTED

Chosen Chairman for Another Term. Vice Chairman's Office Filled by Mr. Frankford. Secretary and Treasurer Elected and Committee Appointed.

The new Democratic Executive Committee held its first meeting last night in the treasurer's office at the courthouse. The session was a brief one, but was busy and interesting. There were twelve members present, the various wards being represented as follows:

First Ward—Messrs. Weston and Adams.
Second Ward—Messrs. Frankford and Wilson.
Third Ward—Mr. Watson.
Fourth Ward—Messrs. Burgess and Henifer.
Fifth Ward—Mr. Reynolds.
Sixth Ward—Messrs. Booker and Penn.
Seventh Ward—Messrs. Murphy and Reilly.

The board being unorganized, Mr. Reilly was selected temporary chairman and Mr. Henifer temporary secretary.

Mr. T. L. Watson and Mr. C. W. Reynolds were placed in nomination for the chairmanship, the former winning by a vote of 9 to 3.

Mr. Reynolds and Mr. George Henifer were nominated for the position of secretary, the latter being elected by a vote of 7 to 5.

Messrs. W. Penn and T. Reilly were nominated for the important office of treasurer of the committee, Mr. Penn being elected by a vote of 9 to 3.

The question of electing a vice chairman to serve in the absence of the chairman coming up, Messrs. Frankford and C. W. Reynolds were placed in nomination. Mr. Frankford was elected by a vote of 7 to 5.

Each of these successful gentlemen thanked the board in suitable terms for the honor conferred upon them.

The question of what rules the committee should adopt was argued to some length, a motion offered by Mr. Burgess prevailing. By this motion Messrs. Reilly, Henifer and Reynolds were appointed a committee to investigate and make suitable recommendations to the committee in conference to rules.

The question of taking steps to bring the District Democratic Convention here was also touched upon, but the subject was deferred to a latter date for a more mature consideration. The committee adjourned until next Thursday night.

University of Virginia.

The University of Virginia, of which an advertisement appears in this issue of the Daily Press, appeals by its history, achievements and its very name to the loyal support of all true Virginians. It commands itself, moreover, by placing a liberal education, which the times demand more than ever before, in reach of those of even very limited means by remitting all fees in the academic schools and making those in the professional departments as low as possible. It does even more than this, for it puts in the reach of the deserving a number of scholarships, full information of which can be had by addressing the chairman of the faculty. Parents who have sons to educate should send to the University for full particulars.

Removed the Trolley.

The sewer cable which has been stretched across Washington avenue on Twenty-fifth street for the past few weeks was moved yesterday and in a few days the street will be clear of the piles of dirt which have obstructed traffic since the work at that point was started. The electric car trolley wire has been connected again. The close of this month will probably see the completion of the sewer system.

Purchased Garrett's Neck.

Mr. John Dahn, of this city, has purchased "Garrett's Neck," a portion of the Blow estate in lower James City County. It is understood that he will take up his residence there in a few days. He will engage in business in Williamsburg. "Garrett's Neck" contains about 278 acres of land.

New stock of lovely Hammocks, 75c. to \$5. ADAMS' RACKET STORE, 7-8-31

Jefferson Avenue Bargains.

Jefferson avenue offers the safest and surest field for investment. We offer for a quick sale two lots on this great thoroughfare of the East side for \$1,900. The probabilities are that within a year Jefferson avenue lots will be worth from \$1,500 to \$2,000 each. This is a great opportunity. Seize it. COTTRELL REAL ESTATE CO., 2706 Washington avenue, 7-8-11

Child's Hammock 50c. ADAMS' RACKET STORE, 7-8-31

Fussell's Ice Cream.

There is no brand of Ice Cream manufactured to-day that is as well known or as celebrated as Fussell's. It is used by the millionaires of New York city and Baltimore, and by the President at Washington, D. C. It stands pre-eminent for its purity and uniformity of quality, for in the making of Fussell's Ice Cream nothing but the best is used. Mr. Jacob Fussell has made me his agent for Newport News, Va., and I take pleasure in announcing that at Janney's new soda fountain, No. 2819 Washington avenue, you can always get Fussell's Ice Cream Soda, or Fussell's Ice Cream served at the table, or in 10, 15, 20, 25 and 40c. boxes.

Grateful people are realizing the gratuitous information furnished. And are realizing that the best and most comfortable method of summer cooking is by the new and sensible means of Gas, Gas, Gas.

Remember this is no experiment. Read what the people say about it. And profit by the experiences of any person who has used gas for fuel. No disagreeable and dirty range. No ashes, soot or depressing heat. Gas fuel is the ideal for summer. Get a range at once and be convinced. Every range we sell is but another, enthusiastic advocate of its merits.

Hot water, did you say? Why, sure! It will heat water for bath in ten minutes. Costs one cent. Always ready. No delay. If your neighbors do not have a gas range call and see us and we will explain fully. Our gas mains are now over the entire city north to Fifth street and east to Oak avenue. Also to Twentieth street and Jefferson. If you can be reached let us hear from you. We want your service to be satisfactory, and will thank you to let us know it.
